

Dae Myung INEX

Company Profile

Introductions

INEX: Transforming Everyday Life Through Thoughtful Observation

Established in 1995, INEX explores the limitless potential of stainless steel, transforming minor everyday inconveniences into innovative convenience. Guided by a deep understanding of human sensibility and diverse lifestyles, we apply rigorous quality standards to craft safe, reliable products everyone can trust. Through a commitment to mutual growth and ethical management, we strive to be an authentic partner dedicated to enriching our customers' lives.

Heritage

- ✓ Expertise Since 1995: Proven manufacturing excellence in stainless steel wire and tubing built over decades.

Value

- ✓ Integrity & Mutual Growth: Transparent ethical management fostering shared success with customers, employees, and partners.

CEO Greeting

"INEX: Transforming Kitchens and Everyday Living Through 30 Years of Technical Expertise"

Since our founding in 1995, we have dedicated ourselves entirely to the mastery of stainless steel. Driven by our pioneering spirit, we developed Korea's first pole-mounted over-the-sink dish rack and have earned recognition for unmatched product excellence backed by numerous patented technologies. Expanding beyond OEM manufacturing, we now engage directly with customers through our proprietary brand, 'INEX.' Moving forward, we remain dedicated to honoring our consumers' trust by delivering the finest quality at fair, competitive prices.

Kim Guk-hwan
CEO, DAEMYUNG INEX Co., Ltd.

Management Philosophy

DAEMYUNG
INEX_

"Innovation Rooted in
